University personnel file for primary election

By RICHARD BANGS
Montana Kaimin Staff Writer

Two UM faculty members and one staff member have filed for nomination for state offices.

Lee J. Tickell, program director of the University Center, has filed for the Democratic nomination to the Montana House of Representatives; Robert L. Van Horne, dean and professor of pharmacy, has filed for the Republican nomination to the Montana House, and John P. Acher, associate professor of law, has filed for nonpartisan election to the Montana Supreme Court.

Mr. Tickell, who attended UM as an undergraduate and graduate student in political science, ran for the same office in the 1968 primary and lost.

He is in the Army National Guard and is attending Officer Candidate School.

In a prepared statement, Mr. Tickell said, "I am tired of political platitudes which promote simple pat answers to extremely complex problems of environment, taxation, education and basic human rights."

Mr. Van Horne is chairman of the State Commission on Alcohol and Drug Dependence, vice chairman of the Western Montana Council on Alcoholism and Other Drug Dependence and a UM lecturer on drug abuse and educational problems.

Mr. Van Horne, who received his bachelor's, master's and doctorate degrees from the University of Iowa, said yesterday he believes his educational background qualifies him for the legislature.

He said he favors the 19-year-old vote because young people are more informed than previous gen-

erations of youth. He also advocated voluntary population control.

Mr. Van Horne said the state needs industry but industry shouldn't be allowed to "take what it wants and get out."

Although he would like to see the penalties for the possession and use of marijuana reduced, Mr. Van Horne said, he opposes the legalization of marijuana because the long-range effects of the drug are not known.

Along with the reduced penalties, he said, he favors educational programs on drugs in elementary and high school.

The pharmacy professor has never held an elected office but said his background in drugs and related problems will be a major concern in the next legislature.

Mr. Van Horne emphasized he wants to serve the Missoula community and not just the interests of certain groups, such as the University community.

Mr. Acher, a native of Helena, graduated from the UM law school in 1959. He has served as legal assistant to the Montana Supreme Court and has had a private law practice for five years.

The court has to have the confidence of the people before they will have any faith in the judicial system, Mr. Acher said. He said he believes that by being objective on all issues he can help to maintain the image of the court.

The associate professor of law said he believes that the Supreme Court should not step out of its boundaries and get involved in legislative decisions but should not be insensitive to the attitudes of the society which it judges.

PAINFUL MOMENT—Bill Schaffer, senior in business administration, was one of more than 500 students inoculated against diphtheria yesterday at the Health Service.

Vietnam blamed for long war

BOZEMAN (AP) — Sen. Mark Hatfield, R-Ore., said last night that repressive policies of the government in South Vietnam are prolonging the Vietnam war.

Speaking at Montana State University, Sen. Hatfield cited the government's closure of 49 newspapers and the imprisonment of a South Vietnamese assemblyman as examples of repression.

The senator also criticized the role the United States is playing in

Laos. He said nearly \$2 million is being spent on air attacks against communists in Laos. Such bombing is creating refugee problems and starvation, he said.

Turning to domestic issues, Mr. Hatfield said the United States should work on serious environmental and pollution problems. He also criticized persons who he said would force the nation into a primitive society by banning industrial growth.

More serum ordered

Health Service inoculates 500

More than 500 students were given diphtheria immunizations yesterday at the Health Service, Dr. Robert R. Curry, Health Service director, said yesterday.

The shots were advised because of two confirmed cases of diphtheria in Missoula County. Gottfried Sullivan, a 59-year-old retired Missoula resident, died last week from diphtheria and a second man has been hospitalized with the disease.

The University Indian Services Office issued warnings to Indian agencies in 19 states and three Canadian provinces that Indians who attended the Kyi-Yo Indian Conference at UM last weekend may have come in contact with diphtheria.

About 2,000 Indian students and leaders attended the conference.

The Associated Press said about 1,200 shots had been administered in Missoula yesterday.

Dr. Curry said 10,000 more doses

of the serum have been ordered.

The 10,000 units were ordered so enough could be on hand to sell to people from the community if they needed the shots, he said.

Dr. Curry said no suspicious clinical cases have been found among students. The possibility of an epidemic seems unlikely, he said, but persons who have not had a diphtheria shot or booster shot within the last two years should get one.

The Health Service is administering the shots for \$1.

Students who were in the Oxford Cigar Store and Cafe, 337 N. Higgins Ave., or Eddy's Club, 428 N. Higgins Ave., last week have been urged to get the immunizations immediately.

Both known diphtheria victims frequented the two bars, which have been closed indefinitely while health crews disinfect the buildings.

Dr. Curry suggested that students wanting the shots come in

during the next week instead of today.

Symptoms of diphtheria are similar to those of influenza—sore throat, backache and fever.

The incubation period is normally two to four days after contact. Diphtheria has a 10 per cent fatality rate.

Indian club may picket governor

Members of the Kyi-Yo Indian Club decided at their meeting last night to picket Gov. Forrest H. Anderson's speech on campus tonight if he does not meet with them to discuss a recent federal government proposal to start a community college in Glasgow.

The federal government has proposed that a community college and vocational training center be established in Glasgow.

Kyi-Yo club members said they

oppose the establishment of a community college because the proposal was made without the consultation of Indians.

Club members also said the training program run by the Avco Corp. in Glasgow to instruct Indians in vocational skills is a failure because most of the trainees are dropping out.

The group proposed that Indian studies programs be instituted in-

stead at Montana colleges and federal funds be provided for educational programs on the reservations.

In other action, the group voted to provide \$50 to Tom MacDonald for his filing fee in the primary election.

Mr. MacDonald is a Missoula VISTA volunteer who will oppose Sen. Mike Mansfield in the June primary election.

Earth Day activities begin

Gov. Anderson will speak tonight

Gov. Forrest H. Anderson will speak about "Economic Development and the Environment" tonight at 8 in the University Theater.

The governor is speaking in conjunction with Earth Day activities in Missoula. Earth Day is sponsored by national ecology groups to call attention to environmental problems.

Environmental groups have accused Mr. Anderson of regarding industrial development ahead of environmental preservation and siding with industry in matters of pollution control.

Gov. Anderson's speech, sponsored by the School of Forestry, will be followed by a panel discussion on environmental questions.

Panel members are Bill Leitch and Scott Fisher, graduate students in zoology; Don Kendall, graduate student in forestry; Gordon M. Browder, professor of sociology, and Maxine Johnson, professor of business. Other Earth Day activities include:

• Richard E. Shannon, professor of economics, will speak about "Economics and the Environment" at 9 a.m. in the UC Ballroom.

• The Rev. Robert C. Anderson of the University Congregational Church will

speak about "Religion and the Environment" at 9 a.m. in the University Theater.

• Robert F. Wambach, assistant professor of forestry, will speak about "Was Gifford Pinchot an Environmentalist?" at 9 a.m. in UC 360.

• Gordon M. Browder, professor of sociology, will speak about "Population Control" at 10 a.m. in the UC Ballroom.

• William A. Beaufait, resident associate in forestry, will speak about "Forest Fires and the Environment" at 10 a.m. in UC 360.

• Bruce Bassett, secretary-treasurer of Missoula Sierra Club, will speak about "Rock Creek, the Choice and Challenge"

at 10 a.m. in the University Theater.

• Roy Countryman, general manager of Hoerner Waldorf Corp., will speak about "The Kraft Pulp and Paper Process, its Problems, its Relation to the Environment" at 11 a.m. in the UC Ballroom.

• Duane Hampton, assistant professor of history, will speak about "Degradation of the Environment in the 20th Century and Leopold's Land Ethics" at 11 a.m. in the University Theater.

• Ed Barton, a representative of Western Wood Products of Portland, Ore., will speak about "Wood Products Industries and their Relation to the Environment" at 11 a.m. in UC 360.

Linguist requests perusal of final week

To the Kaimin:

Where have you been, Van Wickman? I note that your field is communications, in which there still appears to be some work to be done.

The Ad-Hoc Committee on Finals Week, composed of several faculty members and students, has indeed been at work for several months gathering information from everyone on campus concerned about final week, as well as from many other institutions around the country.

We even had a go at stirring up some discussion on the subject, via the Kaimin, in addition to comprehensive questionnaires to both faculty and students. Unfortunately, the Kaimin story brought almost no response from anyone.

The recommendations of the

committee are now in, and no doubt you will be hearing about them shortly. But you may be very disappointed. For the one thing that the committee did not do was what you seem to want to do, namely, impose partial views on all concerned.

Hopefully, the recommendations of the committee will allow the greatest possible freedom to everyone concerned, while protecting the individual student. His welfare was the guiding principal in the formulation of the committee proposals.

The considerable amount of information gathered by the committee is available in the office of Dr. T. T. Johnson, business administration. But I suggest that you reserve at least an afternoon for even a cursory perusal of it.

Environmentalists contend Earth Day will be real gas

To the University Community:

As part of their observance of E-Day today, the Environmentalists request that all students, faculty and staff walk or bicycle to work, school or downtown on that day.

If all the University community and the Missoula townspeople were to stop driving their automobiles today, Missoula would have 16,000 pounds less carbon mon-

oxide, 300 pounds less nitrogen oxides and 85 pounds less sulfur compounds in its air on E-Day.

With the auto pollution lowered on that day, we should all be able to enjoy the pulp mill more. So wear a gas mask, respirator, surgical mask or handkerchief while you come to the University to show that you realize the pulp mill is still out there.

Who knows, it may become a habit.

DICK SHIDELER
The Environmentalists

SST's cause sonic booms

Supersonic transport flights will produce sonic booms (shock waves) in about a 50-mile-wide area below the plane's flight path during the entire time it flies above the speed of sound.

BOB WARD & SONS

Grizzlies take Tech twice

Kendall Kellvig pitched a three-hitter in the first game and Marty Frustaci and Darrell Shoquist allowed only one hit in the second game as the Montana baseball team swept a doubleheader from Montana Tech, 4-1 and 5-1.

The first contest went nine innings before the Grizzlies

clinched the win. Behind 1-0 in the top of the seventh, Jeff Hoffman tripled to open the inning and crossed the plate with two out on a Tech infield error. The bats of Hoffman, Harry Allen and Bob Rutledge spoke for three runs in the top of the ninth to seal the victory.

Kellvig struck out eight and walked only one in his distance effort.

The Grizzlies wasted no time in the second contest, as Mike Hoonan walked to open the game. He promptly stole second and advanced to third on an infield error.

Hoffman then lofted a deep fly ball that brought Hoonan in.

In the third inning, Hoonan led off with a single and was advanced around the diamond by a series of walks issued by the Tech hurler.

The 'Tips notched their final two runs in the fifth when Dean Lockrone singled and was pushed home again by walks. Mike Hoonan then brought Bob Rutledge home with sacrifice fly.

The Grizzlies will play their first home game of the season today when they meet Carroll College at 1 p.m. at Campbell Field.

Keglers win

Grizzly bowlers rolled over the College of Great Falls 13-7 Saturday in the UC Recreation Center.

Team members Bob Ranf, Tom Tucker, Tom Miller, Ron Hansen, and Jim Sulgrove scored 2,826 to win the team event. CGF totaled 2,735.

Ron Hansen and Jim Sulgrove took first in the doubles event with 1,265, with Hansen bowling a high series of 706. Arnow Anderson and Jim Richardson of CGF bowled to a second place finish with 1,195.

Grizzly bowlers meet Idaho State University here Friday at 1 p.m. and travel to the Washington State Invitational Tourney Saturday.

Concerning U

● Phi Eta Sigma, freshman scholastic honorary, will meet tonight at 7 in LA 204.
● The lecture about Sino-Soviet relations by Paul E. Zinner, pro-

fessor of political science at the University of California, has been postponed.

Mr. Zinner said he would be unable to give the lecture because he

had to attend an Atomic Energy Commission meeting.

The lecture was scheduled for 7 p.m. today in LA 11 and has been tentatively rescheduled for May 21.

● Brad Haynsworth, associate professor of political science, will speak about "Political Activism" at the Young Republicans meeting tonight at 7 in UC 360.

● The League of Women Voters

will be in the UC Mall today to urge a national drive to win congressional representation for residents of Washington, D.C.

● Four U.S. State Department officials, Joseph Kyle, Don Klenzie, Jason Parker and William Steward, will discuss foreign policy today at 4 p.m. in the UC Ballroom.

● The political science department is accepting applications for

the Winter Quarter Legislative Internship Program. Details are available in LA 351.

● Cynthia Hough, graduate student in music, will present a piano recital today at 8:15 p.m. in the Music Recital Hall.

● The Student Art Organization will present an informal slide lecture and discuss conceptual art and visual pollution at 7:30 p.m. today in FA 101.

RECRUITING U

TODAY

☆ National Farmers Organization, Corning, Iowa, will interview seniors in business administration, history, sociology and journalism for positions as district field representatives.

☆ Central Valley School District, Spokane, Wash., will interview teaching candidates for the 1970-71 school year for positions

in elementary and secondary education.

☆ Sunburst Public Schools will interview teaching candidates for the 1970-71 school year for positions in elementary and secondary education.

For an appointment with these agencies and companies, call the Placement Center, LA 133, at 243-2022.
